

MINUTES of the October 26, 2007 MEETING

of the Southeast Region, ACPE, Inc.

The Adolphus Hotel, Dallas, TX

The meeting was called to order by Jap Keith, the Regional Director, at 10:30 a.m.

In attendance were one Student Member, one Clinical Member, three Candidates, three Associate Supervisors, and thirty-two CPE Supervisors.

Keith announced the untimely death of Maxine Walker, CPE Supervisor recently retired from the Greenville, SC Hospital.

The members celebrated the certification of Cecelia Walker and Stephen Lemons as CPE Supervisors and Amani Legagneur as an Associate CPE Supervisor. We grieved with Ivery DeLaCruz and encouraged her to persevere and not to grow weary in well-doing.

Peter Keese, Miriam Needham and Deryck Durston provided information about the ACPE Budget. Deryck reflected upon the revisions of the Accreditation process, and Miriam spoke about the revisioning of the Certification process. Peter encouraged our support of the ACPE Foundation. Benson Thomas and Steve Smith acknowledged their weariness with the process of Accreditation.

Keith invited the members to introduce themselves, encouraged the members to make a pledge to the ACPE Foundation, and announced revisions made to the S.E.Region website.

Peter Keese reviewed the program for the regional meeting on Jekyll Island, March 12-15, 2008. The theme is "Social Reconstruction" and the dialogue leaders are Father Burke and President Wheeler.

Keith announced that the Administrative Board would be recommending \$1,000 gift from the region to the REM Invitational to be held in Memphis, TN, April 2-5, 2008; and Gale Kennebrew reviewed the program for that event.

Robin Brown-Haithco presented some of the changes in the process for filing Professional Ethic complaints during the pilot project with APC. Essentially, the complaints are to be filed with the Executive Director of ACPE rather than with the Regional Directors, and the review process will be orchestrated from the national office rather than from the regional offices.

Meeting adjourned at 12 noon.

Respectfully submitted,

Jasper N. Keith, Jr., Regional Director
